Century Properties is partnering up with Versace Home to make history. The Milano Residences, a \$68 million investment, is the new residential project of designer condominiums.

To design each unit, Versace interior designers partnered with 24-year-old Philippine developer who has worked on award winning luxury projects such as Essenza East Forbes in Manila. The residences feature 53 floors and 340 units with one- to three-bedroom configurations. Other unit sizes are The Penthouse, The Townhouses and Italian-inspired Loggias complete with private plunge pools
